Investing involves risk, including possible loss of principal. Fixed-income investments are subject to interest rate risk; as interest rates rise their value will decline. International and global investing involves greater risks such as currency fluctuations, political/social instability and differing accounting standards. Lower-rated securities are subject to additional credit and default risks. Risk is magnified in emerging markets, which may lack established legal, political, business, or social structures to support securities markets.

Insurance products and plan administrative services are provided by Principal Life Insurance Company. Principal Funds are distributed by Principal Funds Distributor, Inc. Securities are offered through Princor Financial Services Corporation, 800-547-7754, Member SIPC and/or independent broker/dealers. Securities sold by a Princor Registered Representative are offered through Princor. Principal Funds Distributor, Princor, and Principal Life are members of the Principal Financial Group, Des Moines, IA 50392.
